

Make 10 Addition Houses

Name: _____

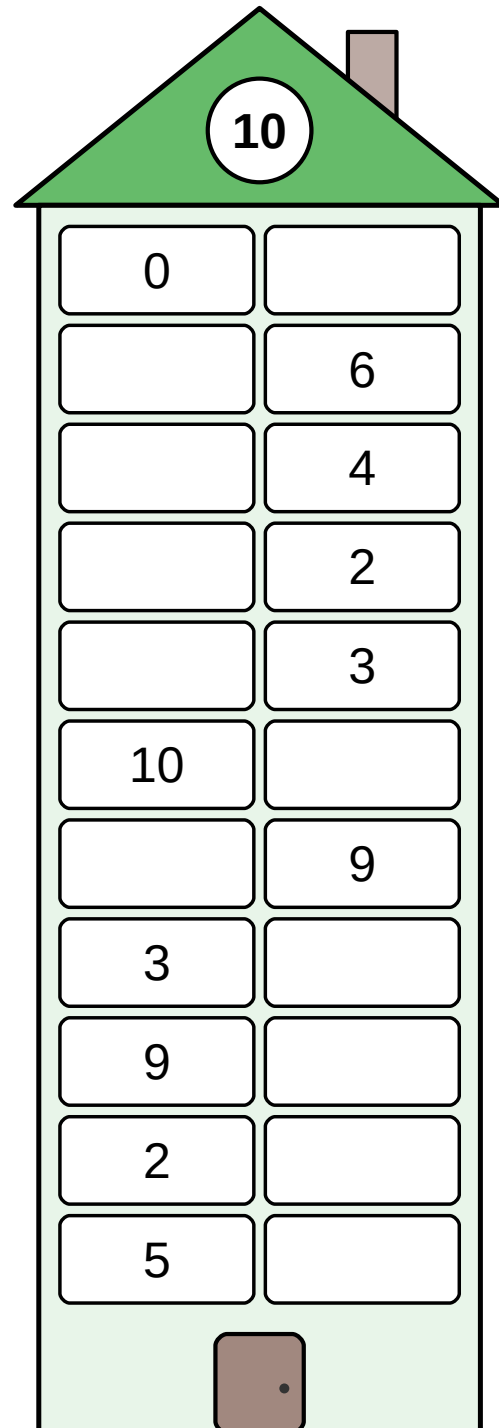

Date: _____

Both houses hold all the ways to make 10, but the floors are mixed up. Fill in every empty window.

A red house with a red roof and a chimney. The roof contains a circle with the number 10. The house has two columns of windows. The left column contains the numbers 6, 3, 2, 4, 0, an empty box, an empty box, an empty box, 7, and an empty box. The right column contains the numbers 5, an empty box, an empty box, an empty box, an empty box, 0, 1, 2, an empty box, and 9. The house has a brown door at the bottom.
