

Area and Perimeter of L-Shapes

Name: _____

Date: _____

Split each shape into two rectangles to find the area. Add all six sides for the perimeter.

1.

Area = sq cm
Perimeter = cm

2.

Area = sq cm
Perimeter = cm

3.

Area = sq cm
Perimeter = cm

4.

Area = sq cm
Perimeter = cm

Area and Perimeter of L-Shapes

Answer Key

Split each shape into two rectangles to find the area. Add all six sides for the perimeter.

1.

$$\text{Area} = \boxed{51} \text{ sq cm}$$
$$\text{Perimeter} = \boxed{32} \text{ cm}$$

2.

$$\text{Area} = \boxed{74} \text{ sq cm}$$
$$\text{Perimeter} = \boxed{36} \text{ cm}$$

3.

$$\text{Area} = \boxed{84} \text{ sq cm}$$
$$\text{Perimeter} = \boxed{42} \text{ cm}$$

4.

$$\text{Area} = \boxed{82} \text{ sq cm}$$
$$\text{Perimeter} = \boxed{38} \text{ cm}$$
