Debug the Loop Code: Fish to the Shell

Name: _____ Date: _____

One block in this loop code is wrong: the arrow or the number. Follow it, circle the wrong block and write the right one.

left **right** **up** **down**

Pick up the starfish, then go to the shell.

The code with a bug:

↓	x	2	↑	x	2		
1			2				
↓	x	3	←	x	4		
3			4				
↑	x	2					
5							

The wrong block is number ☐ It should be: ☐ x ☐

What went wrong?

- it bumps into something
- it goes off the board
- it stops in the wrong place
- it misses the starfish

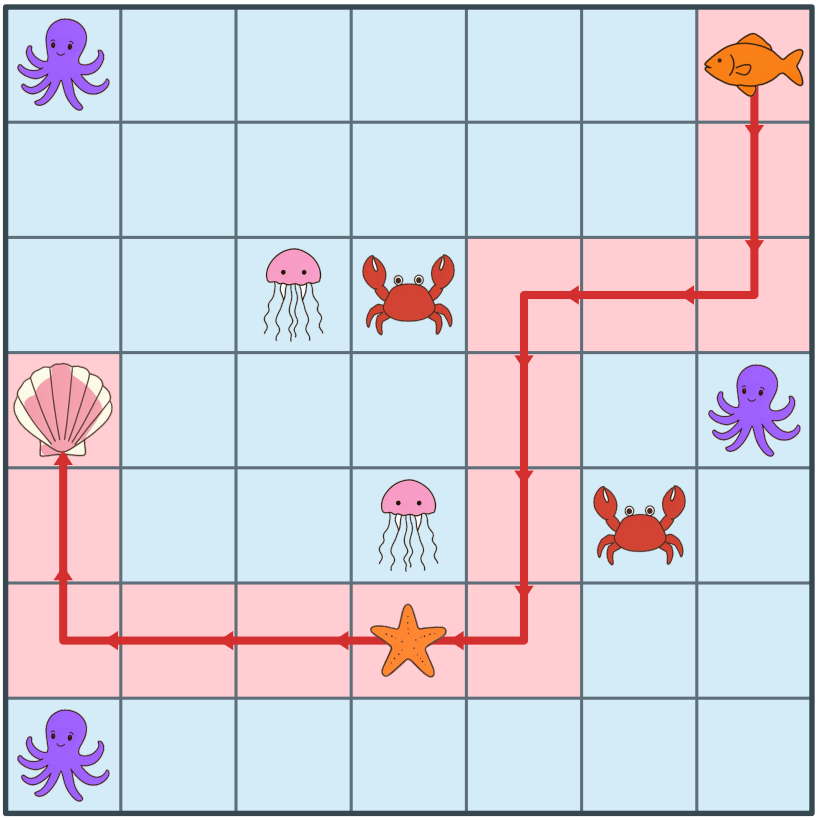

Debug the Loop Code: Fish to the Shell

Answer Key

One block in this loop code is wrong: the arrow or the number. Follow it, circle the wrong block and write the right one.

left right up down

Pick up the starfish, then go to the shell.

The code with a bug:

↓	x	2	↑	x	2		
1			2				
↓	x	3	←	x	4		
3			4				
↑	x	2					
5							

The wrong block is number **2** It should be: ← x 2

What went wrong?

- **it bumps into something** (circled)
- **it goes off the board**
- **it stops in the wrong place**
- **it misses the starfish**
