Measure Things Around the House

Name: _____ Date: _____

Find each object at home. Guess its length in inches, then measure it in inches and in centimeters.

Find this	My guess (in)	Inches	Centimeters
1.  a spoon	in	in	cm
2.  a book	in	in	cm
3.  your shoe	in	in	cm
4.  a cup	in	in	cm
5.  a pencil	in	in	cm
6.  a key	in	in	cm
7.  a sock	in	in	cm
8.  a mug	in	in	cm

The longest thing I measured: _____ The shortest: _____

Something longer than 12 inches (1 foot): _____

Tip: 1 inch is about 2½ centimeters, so the centimeter number should be about 2½ times bigger.
