Big SOS Game Board: 12x12 Grid

144 squares for a long game with two, three or four players.

How to Play

1. Take turns writing an S or an O in any empty square. You choose which letter every turn.
2. If your letter makes S-O-S in a line (across, down or corner to corner), draw a line through it, score 1 point and go again.
3. Play with up to four players, each with a different color. Most SOS lines when the grid is full wins.
