Dots and Boxes 5x5: Two Game Boards

Two quick games on one sheet, about ten minutes each.

How to Play

1. Take turns drawing one line between two dots that sit side by side (across or up and down, never corner to corner).
2. If your line closes the fourth side of a box, write your initial inside it and take another turn.
3. When every box is closed, count your boxes. The player with the most boxes wins.

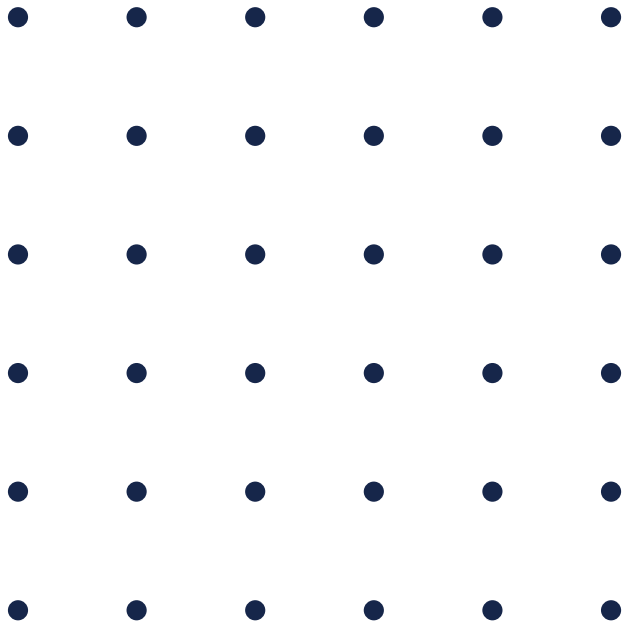

Game 1

25 boxes to win

Player 1: _____ Score: ☐

Player 2: _____ Score: ☐

Winner: _____

Game 2

25 boxes to win

Player 1: _____ Score: ☐

Player 2: _____ Score: ☐

Winner: _____
