Four in a Row Paper Game

The drop-the-disc game on paper: color circles from the bottom up.

How to Play

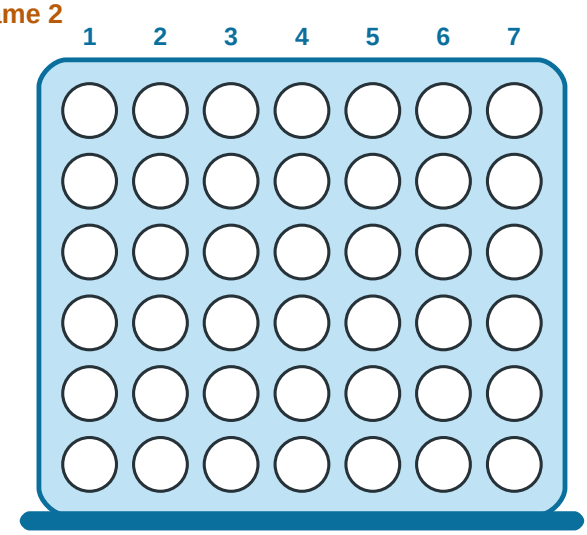

1. Player 1 colors circles red (or draws an X). Player 2 colors them blue (or draws an O).
2. On your turn pick a column and fill the LOWEST empty circle in it, as if your disc fell to the bottom.
3. Four of your circles in a row (across, up and down, or slanting) wins. Board full? It's a tie.
