Star Dots and Boxes Game

A five-point star made of 62 boxes. The points are tricky!

How to Play

1. Only draw lines along the edges of the shaded squares, between two dots side by side.
2. Close the fourth side of a box: write your initial inside and take another turn.
3. When the whole shape is filled in, count your boxes. Most boxes wins!

Player 1: _____ Score: ☐ **Player 2:** _____ Score: ☐

Tip: try not to draw the third side of a box. Your partner will close it!
