Firefighters Keep Us Safe

Name: _____ Date: _____

Firefighters are community helpers who keep people safe. When an alarm rings at the fire station, they rush to put on their gear. Heavy coats, pants, boots and helmets protect them from heat and smoke. They also carry air tanks so they can breathe inside smoky buildings.

Fire trucks carry long hoses, tall ladders and tools. Firefighters connect the hoses to fire hydrants to get lots of water.

Firefighters do more than put out fires. They help people who are hurt, rescue people from car crashes, and visit schools to teach fire safety. Remember: if your clothes catch fire, stop, drop and roll!

1 WHAT? **What do firefighters connect their hoses to?**

fire hydrants mailboxes street lights

2 **Read each sentence. Circle True or False.**

Firefighters only put out fires.	True	False
