Spot the Difference: Dinosaur Museum

Answer Key

Find 10 differences in the bottom picture and circle them.

What is different in the bottom picture:

1. One ceiling lamp is not shining.
2. The painting shows a moon instead of a sun.
3. The skeleton has one fewer rib.
4. The dinosaur skull has one fewer tooth.
5. One metal pole holding up the tail is missing.
6. One rope post has no ball on top.
7. The vase has dots instead of a zigzag.
8. The fossil shell in the case has no spiral.
9. There is one more crystal in the case.
10. The sign shows a bone instead of a footprint.
