Disguise a Turkey Letter to Parents

Dear Families,

Our class has a turkey problem! Thanksgiving is coming, and the turkeys do not want to end up on a dinner plate. Your child is bringing home a turkey that needs a disguise so it can hide in plain sight.

Please help your child turn the turkey into something else: a superhero, a pumpkin, a football player, a mermaid, a favorite book character or anything your family dreams up. Use what you already have at home: paper, crayons, paint, fabric scraps, yarn, cotton balls, buttons or real feathers. There is no need to buy anything.

Your child will show the disguised turkey to the class and tell us why it is the perfect hiding place.

Thank you for helping our turkeys stay safe this Thanksgiving!
